T.Y. LIN INTERNATIONAL Names Joseph E. McKeever East Region Surface Transportation Director

SAN FRANCISCO, CA – T.Y. Lin International (TYLI), a globally recognized full-service infrastructure consulting firm, has named Joseph E. McKeever as Vice President and Surface Transportation Director for the East Region. Mr. McKeever comes to TYLI with more than 35 years of experience that includes successfully managing major civil infrastructure projects, as well as growing a consultant practice for a large multinational consultant firm in New England. In his new role, Mr. McKeever will direct the strategic planning for TYLI's East Region (which includes the New England States, New York, New Jersey, Pennsylvania, and the Mid-Atlantic States down to North Carolina) under the leadership of Regional Director, Robert Radley. "TYLI's appointment of Joe McKeever will enable us to build on our current successes and advance our position as a leading edge provider of solutions to the surface transportation market. Joe's role will be to help the firm fully expand this Line of Business along the Eastern Seaboard. We are very excited to have him on board," said Radley.

Prior to joining TYLI, Mr. McKeever worked for the Louis Berger Group, where he established the firm's New Hampshire office. During his 15-year tenure with the Louis Berger Group, he was responsible for overseeing many diverse projects including roadways, bridges, highways, and ports and waterways. A specialist in the design-build and alternative project delivery methods, Mr. McKeever's portfolio of recent projects includes the East-West Highway Conceptual Feasibility Study linking New Brunswick, ME and Quebec; the Design-Build Fore River Parkway in Portland, ME; Alternatives Studies to replace New Hampshire Route 119 Bridges over the Connecticut River from Hinsdale, NH to Brattleboro, VT; and the Intermodal Planning and Engineering On-Call Services Agreement in Tampa, FL.

Mr. McKeever holds a Bachelor of Science degree in Civil Engineering from New England College. He is a member of the American Society of Civil Engineers and he is also a member of the Design-Build Institute of America. Mr. McKeever can be reached at: joseph.mckeever@tylin.com

Founded in 1954, T.Y. Lin International is an internationally recognized, multi-disciplined transportation planning and engineering firm committed to providing innovative, cost-effective, constructible designs for the global infrastructure market. With more than one thousand employees working in offices throughout the United States and Asia, the firm is able to provide support on projects of varying size and complexity.
